EDUCATION

Sasi Institute of Technology and Engineering, Tadepalligudem 2018– 2022
*B.Tech-Electronics and communication Engineering.- **CGPA** - **8.01*** *Tadepalligudem, Andhra Pradesh*

TECHNICAL SKILLS

Programming Languages: SQL(Structured Query Language), Python
Analytical Tools: Power BI, Advanced Excel
Database: MySQL
Soft Skills: Time Management, Collaboration, Communication & Presentation Skills

PROJECTS

Retail Promotions Analysis ↗ | SQL, Power BI JAN 2024 - FEB 2024
- Showcased Insights on **5** ad-hoc business requests to the executive management team querying a database using SQL.
- Developed an interactive dashboard using Power BI which shows quick insights of Store, Promotion and Product analysis.
- Presented the insights generated in this project to provide stakeholders with a quick glance.

Sales Insights - Brick & Motor Business ↗ | Power BI, SQL JAN 2024
- Designed a Power BI dashboard to understand AtliQ hardware goods sales trend.
- The final dashboard was effective at displaying the sales trend of AtliQ hardware, allowing users to understand the data and make informed decisions.
- This dashboard could help in increasing the revenue at least by 7% in the next quarter

Vrinda Store Sales Analysis ↗ | Excel DEC 2023
- Created the annual sales report for the year 2022 using Excel. So, that Vrinda store can understand their customers and grow more sales in 2023.
- Cleaned the inconsistent and wrongly spelt values present in the dataset.
- Created Pivot Tables for uncovering required trends and patterns. Inserted slicers and created various charts like Column charts, Bar charts, Pie charts.

Digital Music Store Analysis ↗ | SQL NOV 2023
- Conducted in-depth analysis of a music store database using SQL to derive valuable insights and answer critical business questions.
- Runs SQL queries against the music store database to identify the solutions to business problems.

WORK EXPERIENCE

Trainee at KPIT Technologies Limited SEP 2022 - MAY 2023
- My journey as a trainee at KPIT was a transformative experience that deepened my expertise in Autosar. I immersed myself in the intricate layers of this technology, refining my skills become a proficient practitioner.
- Simultaneously, I ventured into the world of SQL programming, acquiring a solid foundation and expanding my knowledge of database management.
- Apart from this started learning about Data Analytics and doing projects which sharpen my skills in data analysis.

Coding Platforms

- **Leetcode** ↗
- **Hacker Rank** ↗

CERTIFICATIONS

- Data Analytics using Power BI↗
- Introduction to Databases - SQL↗
- Accenture Job Simulation on Forage↗
